

## The **NEW** Fast Cure Dual Color Epoxy!

Picote's new fast blend of Epoxy will provide the possibility to install more coats within one workday. Because the viscosity and characteristics of the material have remained consistent with Picote's current Dual Epoxy resin, the experience to successfully apply the new blend is similar to the current resin. With a shorter pot life, there is less room for error. If your team works fast and efficiently, this would be a great option for you.

### QUICK FACTS

- Pot Life: 15 minutes
- SET TIME: 45 minutes
- Max mils per coat: 20-40 mils
- Time between coats: 1 hour 15 minutes @ ambient cure
- Return to service: 4 hours
- Fast Cure Dual Epoxy Kit: 12lbs 5oz
- 6 Cartridge Kit (3x white & 3x grey) with 8 static mixing tips, 3 nuts. *(Also available in white only and grey only kits)*

*This is ideal for efficient, experienced Picote Brush Coating™ installers. Cut down work time and wait time on jobs.*
