

# Pull-In-Place Packers

FPP-PACK 4-6x180" Packer

## 10' - 15' CIPP Trenchless Pipe Repair System

Source One Environmental now makes long trenchless pipe repairs easy and fast. We're proud to introduce the new PipePatch Xtend to our product line-up with its extra-long packer and reliable performance. For use on 3" - 6" diameter pipes, the PipePatch Xtend comes with today's most-complete "pull-in-place" liner kit. Ideal for structural repairs, the PipePatch Xtend is extremely durable and ultimately reduces the need for excavation.

### System Advantages & Characteristics

- Cure times as low as 1.5 hours
- Complete Kit includes tubular fiberglass material and silicate resin
